Some Works from the Sculpture Collection of the Staatliche Museen zu Berlin, transferred after WWII and now on the Territory of the Russian Federation

This checklist identifies sculptures formerly in the Sculpture Collection of the Staatliche Museen zu Berlin that are now on the territory of the Russian Federation, following their translocation after World War II. They are to be found since mid-2016 on the webpage www.lostart.ru/move/ru/1414609 and the following ones.

The first column refers to the Berlin inventory number, the second is a pre-war photograph, the third a photograph from the mentioned website. Then comes the Russian reference or inventory number(s), the attribution and title of the work from the pre-war catalogs, the material and finally the page of the catalogue of works lost in Berlin in 1945 (*Staatliche Museen zu Berlin. Dokumentation der Verluste. Skulpturensammlung. VII. Skulpturen, Möbel*, ed. by L. Lambacher, with M. Knuth and K. Achilles-Syndram, Berlin, 2006), from which one may retrieve further information.
